Subject: ConRad – Global Conference on Radiation Topics – Preparedness, Response, Protection and Research (22nd Medical Defence Conference) 08th – 11th May, 2017
Industrial Exhibition

Dear Potential Sponsor/Exhibitor,

We warmly invite you to sponsor/attend the

22nd Nuclear Medical Defence Conference

hosted by the

Bundeswehr Institute of Radiobiology
affiliated to the University of Ulm

in collaboration with the

German Society for Military Medicine and Pharmacy (GSMMP/DGWMP)

from

May, 08th to 11th, 2017

at the

Bundeswehr Medical Academy,
Ernst von Bergmann Barracks,
in Munich, Germany.

The international specialist conference, “ConRad – Global Conference on Radiation Topics – Preparedness, Response, Protection and Research, is a meeting of a unique spectrum of international military and civilian experts, defence policy makers, medical planners, researchers and other military and civilian partner organizations in a common forum for professional and multidisciplinary exchange of experience and expertise in this particular domain.
New insights into the fields of radiation accident preparedness, management and response and radiation protection as well as new research findings in radiation medicine, radiobiology, radiation physics and radioepidemiology will be the conference topics. At ConRad 2017, we will introduce for the first time the topic of “Effects of electromagnetic fields”. The conference will provide to the attendees and sponsoring companies a platform to share experiences and to strengthen existing networks or to establish new contacts.

We again expect a broad spectrum of national and international experts to attend ConRad2017 (about 250 military medical and public health professionals) from different sectors:

- Research, Teaching, Practice (Medical doctors, Physicists, Biologists)
- Police, Fire and Rescue Services
- Action Forces (Red Cross, Federal Agency for Technical Relief - Germany, other)
- International Organizations (WHO, International Atomic Energy Agency)
- Advisory Bodies
- Government and Administration

We have finalised the basic arrangements with our associated partner, the German Society for Military Medicine and Pharmacy (GSMMP/DGWMP) and are now looking for valuable partners for the accompanying industrial exhibition covering the scope of the conference or to support otherwise this international conference (e.g. provision of conference material). These include manufacturer of specialized medical technology, analytical, diagnostic, and laboratory products, devices for radiation detection and screening, protective clothing, specialized protection devices or products for decontamination and decorporation, as well as for medical therapy of radiation injuries. Furthermore companies specialized in the field of radiation biology, radiation physics and radiation medicine.

**Your benefits of supporting ConRad2017**

- Promote your company as a supporter or sponsor of a high quality conference
- Strengthen your brand profile and image
- Strengthen existing relationships
- Provide direct access to and contact with the conference participants
- Develop long term contacts with potential new customers

Stands for advertising of the products/services of the companies in the “Radiation” sector shall be placed in the exhibition area throughout the conference. We have the pleasure to invite and welcome you to participate in our exciting conference.

For further details please refer to the „ConRad2017“ homepage: www.radiation-medicine.de

With warm regards, we remain
